

Grant Ringel ,PSE and Ben Kaufman, GreenWorks Realty

GreenWorks Realty Founder Ben Kaufman 2009 Built Green Pioneer Award Recipient

The Built Green Pioneer Award is designed to recognize people who have played an integral role in developing and maintaining the Built Green program. Without the time, energy, and support of Built Green Pioneers, the program would not be the success that it is today.

Built Green Pioneers are chosen by the Built Green Director and are for individuals who exhibit outstanding participation on Built Green committees, in program planning, fundraising, marketing and advocacy.

Each of the Built Green Pioneer recipients have proven to not only be thought leaders in green building, but as trusted and influential members of the green building community they are incredibly effective in spreading the word about green building and the Built Green program.

“Ben has been so committed to green building, and such a champion for the Built Green program over the years, I couldn’t imagine a more deserving member of our community.” Aaron Adelstein, Built Green Executive Director
